THE BADGER

# The Badger

NIAGARA HIGH SCHOOL  
Niagara, Wisconsin  
1963-1964

## *Foreword*

The 1964 "Badger" signifies the end of another chapter in the history of Niagara High School. It is our sincere wish that as you read your Yearbook you will relive and enjoy the many pleasant memories it will afford.

As you look back on the events of the past years, may the familiar faces of friends and places serve as a reminder of your high school days.

We hope we have included some interesting memories for each of you and that you will enjoy reading this Yearbook as much as we have enjoyed compiling it.

## *To the Graduates of 1964*

You are on the threshold of terminating an important phase of your life, which represents many hard and long hours of work. As time comes to pass, you may realize that your elementary and senior school days have been the most carefree and probably the happiest days of your life. Henceforth, your life will become much more serious and complex. Your way of living must go through a series of major adjustments.

Those of you that have been putting forth your very best efforts will now commence to reap its harvest. You will soon discover that if you have been successful during these past thirteen years of your school life, you will have a solid base upon which to build your future.

Those of you who have been satisfied to just get by, will either continue with a type of life of just getting along, or you will have to work twice as hard to make up for lost time and effort.

May I express what I consider the crux of your present situation. You must realize that if you want something, and you are willing to work and sacrifice for it, most goals can be reached! Nothing worth while comes easy, but unless you are willing to work, and to sacrifice, don't set your goal too high. Never set a goal without first checking to see if you are capable and willing to overcome the obstacles leading to that goal.

On behalf of the Board of Education, Administration, and Faculty, I should like to take this opportunity to express the pleasure and enjoyment that have been ours in working with you during your stay in the Niagara Public Schools. We hope that our supervision and guidance, from your early years to the present, have been very fruitful for each of you. The administration and faculty will always be ready to give you a helpful hand whenever you may so desire it. We wish for each of you the best of health, and a successful and happy future.

## *Junior-Senior Class Play*

Lance Pembroke, ex-society playboy, and now publicity man for La Racquita Hotel, a swank winter resort in the western desert, is in danger of losing his job. None of the society elite are coming to the "Playground of the Day."

He invents the story that Her Royal Highness, Princess Terra of Terra Firma, royal refugee, will soon visit the hotel. So, when a pretty young girl registers as "Miss Jones," everyone jumps to the conclusion that she is the princess--traveling incognito. And the social scramble begins.

During a Benefit Ball for beleaguered Terra Firma, a telegram arrives, announcing the arrival of the real princess, and Lance's hoax is discovered. Miss Jones becomes a social outcast.

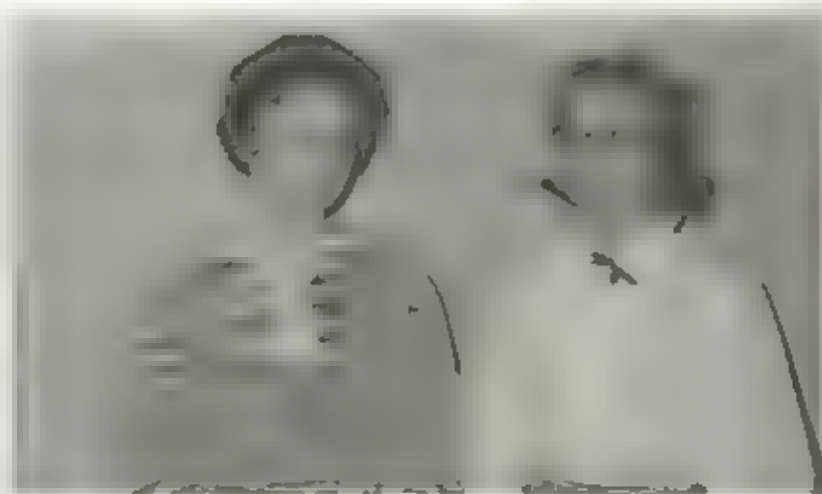

A stranger enters, and reveals all the members of the Social Bulwark for what they really are: descendents of quacks, convicts, and plain farmers. Then the guards arrive and take her back to the Home for Neurotics. Princess Terra arrives on the scene, and asks if she might see Miss

Jones on a small matter of a loan of six billion, or perhaps six million dollars. Miss Jones is revealed as "Jane Forscythe Jones," the richest girl in America, and owner of La Racquita.

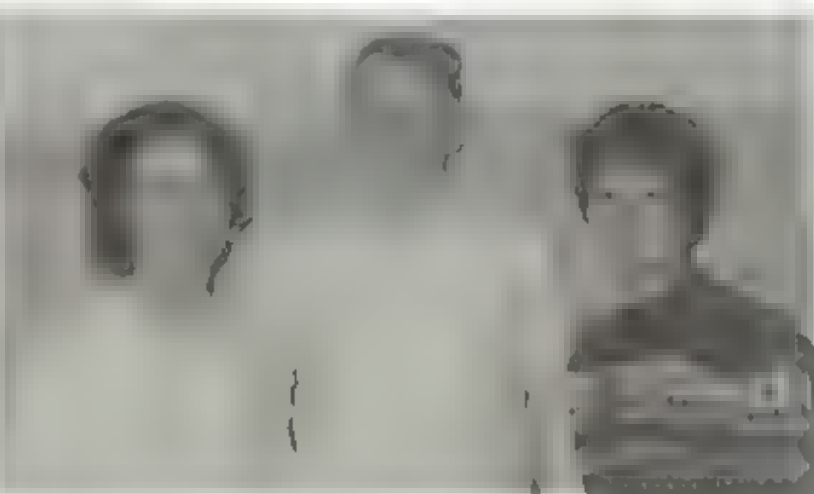

Everything ends well, including several romances.
